No Immediate Threat to Marianas Assessed from Reported North Korea Launch

The Offices of Guam Homeland Security and Civil Defense (GHS/OCD), in conjunction with the Mariana Regional Fusion Center (MRFC), federal and military partners, continue to monitor events surrounding the region including reports of the recent launch of an unidentified projectile out of the Democratic People's Republic of Korea (DPRK) today.

“There was no immediate threat assessed for the Marianas from the reported launch,” said Samantha Brennan, Homeland Security Advisor. “Each event such as this reminds us that natural hazards will never be our only cause for concern. Have discussions with your families about how you can prepare for human-caused threats as well.”
